GENUINE MERIT

The merit of our goods has built the reputation of this store for nearly 40 years—the merit of the goods we are selling today causes this to be the most widely known and fastest growing store in FRANKFORT.

MERIT

—IN—

Overcoats and Suits.

MERIT

—IN—

Shoes.

MERIT

—IN—

Underwear and Hosiery.

WHEN we buy our clothing, it is not sufficient that it should merely be made of a good piece of cloth. The outside of a coat is really the least important part of it. It is the linings, the sewing, and the interior parts of the coat that make it wear and hold its shape and these are the things we see to, that are right in our clothing. And that is why clothing bought here wears longer than the ordinary kind. Clothing of merit "here" costs from \$7.50 to \$25.00. It is all good.

WHAT we said of clothing applies equally to Shoes. Many a shoe is good to look at on the outside which when put to the test of wearing is absolutely worthless. Now, when we buy shoes we make certain that not only is the outside of the shoe of good leather, but also that the insoles and counters are made of leather and not leather board. And that is why the shoes bought of this store wear longer than the usual kind. You don't hear of McClure's shoes coming to pieces the first time they are out in the wet. Men's and women's shoes of merit cost "here" from \$1.50 to \$5.00.

NO seconds have a place in this store. The ordinary buyer finds it hard to tell a second in Hosiery and Underwear, from the best—in looks. But, when you get down to the wearing qualities there is a great difference and no seconds are to be found here. Underwear of merit from \$1.00 to \$3.50 a suit; Hosiery of merit from 10 cents to 50c a pair.

COME AND TAKE A LOOK THROUGH OUR LARGE STORE.

IT PAYS TO BUY GOODS OF MERIT.

PRETTY AND POPULAR WOOD-FORD COUNTY LADY DEAD.

We were greatly saddened, on Tuesday, when we learned that Mrs. Jane Nuckols Harris, wife of Attorney Charles M. Harris, of Versailles, had died that morning of appendicitis.

We knew Mrs. Harris well when a young girl. She was a pretty, bright, vivacious and popular young lady—warm-hearted and true—in all the relations of life.

She was the third daughter of Mr. Chas. and Mrs. Bettie Hurst Nuckols. A few years ago she was married to Mr. Chas. M. Harris, a prominent and rising young lawyer, and their married life was an ideal one.

About a week ago that dread disease, appendicitis, developed, complicated with other troubles, and, although an operation was performed by a skilled surgeon, she sank steadily until the end.

We desire to tender to the desolate young husband and sorely stricken parents the deepest sympathy of a sincere friend.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Bitters will make a new man or woman of you.

SERIOUS WRECK.

The first serious wreck which has befallen the Frankfort & Cincinnati Railway for some time occurred on Monday afternoon at Tackett's Grove, about eight miles from this city. Five freight cars were derailed and overturned, inflicting heavy damage.

A wrecking train was sent to the scene and kept at work until the track was cleared, which was about 2 o'clock p. m. on Tuesday. Luckily there was no one hurt.

TWENTY-SEVENTH CALL.

In these days of short pastorates and repeated changes it is refreshing to know that Rev. George Darsie was called for the 27th time to the pastorate of the Christian Church of this city on Sunday last. Mr. Darsie has served long, faithfully and efficiently. May he remain in his present field many years to come.

REAL ESTATE TRANSFERS.

Capt. B. C. Milam has purchased a brick store room on West Mero street, from Mr. Harry J. Baker, for \$1,500.

Mr. John W. Milam has purchased a small cottage, on Holmes street, at Commissioner's sale, for \$150.

SOMETHING NICE.

The Young Ladies Aid Society of the First Baptist Church has secured the office of Col. John L. Scott, near the corner of St. Clair and Main streets, and will offer for sale, on Wednesday next, Nov. 25, Pies, Cakes, Salads, Croquettes, &c., suitable for your Thanksgiving dinners.

This society has pledged itself to raise a certain amount to defray a part of the expenses of improving their church, and they ask their friends to come and see them. Prices will be very reasonable and everything sold first-class.

A UNIQUE AFFAIR.

The ladies of Buck Run Baptist Church, at the Forks of Elkhorn, will give a Box Supper, in the schoolhouse in that place, on Saturday, Nov. 28. It will be for the benefit of the Church. Young men, if you wish to see some of the prettiest and sweetest girls in this county, and, at the same time, enjoy a pleasant evening, go to this supper.

WANTED TO BORROW \$3,500 OR \$4,000.

With good real estate—a farm in Franklin county—as security. Address this office. Sept. 18-2m.

PRISONER CRAZY.

GERMAN SYRUP.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all drug etc.

FRANKFORT, NOV. 21, 1903.

FORMER FRANKFORT LADY'S MISFORTUNE.

About 7 o'clock on Monday morning, the residence of Mrs. Lucy Garrard Stoll, widow of Hon. Albert A. Stoll, No. 104 Fifth street, Louisville, was found to be on fire in a rear room of the second floor. An alarm was turned in, but the flames had made considerable headway before the firemen reached the house. It took but a short time to obtain control of the blaze.

Mrs. Stoll and her daughter were asleep when the fire was discovered. Her son, Mr. A. A. Stoll, Jr., had gone to his business in the office of the L. & N. railroad.

Mrs. Stoll had not been in good health for some time and was prostrated by the alarm and consequent excitement. The coolness and bravery of her daughter, Miss Ruth Stoll, saved Mrs. Stoll from a horrible death. So serious was her condition that she was taken to St. Elizabeth's Hospital, where her brother-in-law, Dr. Wm. Cheatham, applied proper treatment.

Mrs. Stoll is a sister of Mrs. Guy Barrett, of this city, and Mrs. Wm. Cheatham, of Louisville, and was the daughter of the late Col. James H. Garrard.

The damage to the house and furniture was pretty heavy, amounting to some \$20,000.

MORE THUNDER-STORMS.

We had the privilege of enjoying another thunderstorm on Monday morning, from 4 to 5 o'clock. The flashes of lightning were very vivid and the crashes of thunder awakened everybody. They were followed by several hard showers of rain. The weather on Sunday and Monday was abnormally warm and clear.

Again on Monday night we were visited by an electric storm which continued until 9 o'clock p. m. From that time until about 4 o'clock Tuesday morning the rain fell in torrents and the wind blew heavily. Then the wind veered to the north and the rain ceased. It did not become anything like so cold as it was predicted it would be.

DELICIOUS ENTERTAINMENT AHEAD.

The Ladies Guild of Ascension Episcopal Church, will give a Doll and Apron Sale and Supper on Thursday evening, December 3, from 6 to 10 o'clock, in the Parish House.

Everything dainty and nice in the way of refreshments will be served and pretty and useful articles will be on sale, suitable for holiday presents.

Get extremely interested.

Have you a terrible talent to tell the difference between an old and a new coat? Do you know a good thing when you see it? At 100 cents a coat, you can get a new one.

WONDERFUL IMPROVEMENT.

We were shown, on Saturday last, the latest and most wonderfully improved shot gun. It is known as the Browning. It weighs 7 1/2 pounds and is a magazine gun of six shots. The wonderful part is that, in shooting, all that is required is to pull the trigger continuously, when the empty shell is automatically discharged and the gun reloaded. Mr. John C. Mastin is the agent for the sale of those guns. They retail at \$27.50 and will displace every kind of shot-gun. The rebound from discharge is but slight.

MADE YOUNG AGAIN.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again," writes J. E. Turner of Hempstead, Pa. "I've got to be lost in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25c at all druggists."

MONEY INVESTED IN PRINTING.

The average capital of those engaged in the printing business is \$12,574; the average value of their products is \$14,288. These figures compared with those of a previous year show that in a period of ten years an increased capital is required to produce the same or even a smaller value of products; this is largely caused by an increase in wages and a decrease in working hours. In 1891 a compositor in New York received \$9 per week; ordinary job compositors now receive \$10.50 per week, and operators on machines from \$21 to \$27, depending on the time of day or night they take their shift. In the opinion of many large operators, the number of wage-earners has actually increased rather than diminished. The introduction of machine composition has been of decided benefit to the employer, offering a new field for endeavor. There are few unemployed men in the printing trade, as is shown by the fact that when in 1893 the Typographical Union was called upon to supply 150 men for a special job of city printing, only 100 could be obtained, and these with difficulty. — From Scientific American's Special Number on "Modern Aids to Printing."

PERFECTLY BEAUTIFUL.

We under obligations to our friend, Mr. W. H. Waits, of the Prudential Life Insurance Co., for a copy of the beautiful new Calendar, which his company is sending out to its friends and customers. It is a beautiful souvenir. It is entitled "The Prudential Girl, 1904." It represents a lovely young girl in a very attractive pose.

CURED OF PILES AFTER 10 YEARS.

Mr. C. Hancy, of Geneva, O., had the piles for 10 years. Doctors and dollars could do him no lasting good. Dr. Wm. H. Welch, Hazel, Ohio, cured him permanently. Invaluable for piles, hemorrhoids, various diseases, and all other ailments. Look for the name, Dr. V. M. on the package—all others are cheap, worthless, counterfeit. Sold by J. W. Ough.

Badly

Shattered Nerves and Weak Heart.

Too Nervous to Sleep or Rest.

Dr. Miles' Heart Cure and Nerve Cure Me.

A shattered nervous system nearly always leads to some affection of the heart, especially where the patient's heart is weak from secondary rather causes. Dr. Miles' Heart Cure is not only a great heart regulator, but it is a blood tonic which specially corrects all irregularities of the heart's action, enriches the blood and improves the circulation. It will build you up just as it did Mr. Crawford, who wrote: "I feel better, and greatly improve my general health."

"I feel so greatly benefited by Dr. Miles' Nerve and Heart Cure that I freely recommend them as the best remedies for the diseases they are recommended to cure. When I began taking these medicines, I weighed scarcely 140 pounds, my nerves were badly shattered and my heart troubled me a great deal. This pain in my left arm and shoulder, had me live in sleeping on my left side, had frequent on-coming spells and my heart would flutter and palpitate. I could eat scarcely any kind of food without suffering great distress, and was so restless and nervous that I slept little night or day. Now I am never bothered with my heart, my nerves are steady as a die, I sleep well, eat well and weigh 175 pounds. I am happy I spent for doctors who did me no good while I was ill." — T. R. CRAWFORD, Center, Texas.

All druggists sell and guarantee free trial of Dr. Miles' Remedies. Send for free book "Nervous and Heart Diseases." Address Dr. Miles Medical Co., Elkhart, Ind.

THAT HUNT.

Messrs. G. H. Waits, J. W. Dugherre and Thos. Davall, of the Prudential Life Insurance Co., went to Lexington on Friday last, and, together with a sportswoman, to hunt for the coon of Lexington. One of that company, went on a very early morning hunt at 10 o'clock. "Gap, snort, snort, snort." It was a hunt for "daisy." It was, if you want to know anything about it, just ask Tom Davall or John Dugherre—they know. As for Waits, "his" shy" on the subject.

THAT BLIZZARD.

On Monday evening at 7 o'clock the thermometer stood at 70 degrees. As weather clerk said that there would be a big blizzard by Tuesday morning taking the mercury down to about 15 degrees. But when that time arrived, the ice man gave him the hat hat as the mercury had refused to slump that much. Whereat the clerk at once took another squint at his records and "smile a ghastly smile," but said nothing. About noon of Tuesday old borens got in his work, and when he got through with this part of the terrestrial ball Buffalo and Bearskin overcoats were in demand, and ye young fellows who had his outer-wrap in slunk, though "disgusted" right hand. The first and stiffest blizzard then was the order of the day when Tuesday morning brought the record to 26 degrees above zero. Phew!

A LITTLE LOSS.

Of flesh and strength, little bark—this is the case with a little pain in the chest may not mean galloping consumption, but they are signs that prudence will not neglect. A few doses of Allen's Lung Balm cause a free discharge of mucus and so loosen the cough. It heats the inflamed air passages and all the hard work is accomplished without a grain of opium.

We are sorry to report that Mr. J. W. Bond is quite sick.

There will be a Thanksgiving service at the Baptist Church on Thursday, November 20.

Mr. J. W. Robinson sold 30 acres of land lying on the Frankfort-Crossings pike, to Mr. Frank Hall, and the remaining 40 acres to Mr. D. C. Robinson, at \$80 per acre. Pretty good prices.

THE STROUSE MEETING.

Rev. C. B. Strouse commenced his return protracted meeting at the Opera House on Sunday afternoon, at 3 o'clock, by an address to men only. There was a large audience present, and Mr. Strouse strongly urged the absolute necessity for clean and pure living among men.

The meetings, owing to the engagement of the Opera House for other entertainments, have been compelled to be shifted from place to place (viz: The Southern Presbyterian Church, the Methodist Church, and the Episcopal Parish House). Notwithstanding this, the attendance has been large, and the interest has deepened.

Many persons have expressed a determination to lead a better life, and large numbers have arisen for the prayers of the minister and his co-workers.

The addresses have been earnest and solemn, and it is hoped that much good has been accomplished.

SLIGHT SNOW.

About 6:30 o'clock, on Friday night, there was a slight fall of snow. According to the old saw, we will have thirteen snows this winter.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, I. e., a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

BEER GARDEN.

We had quite a windstorm last night, though nothing is damaged very much.

Quite a large crowd attended Antioch Church last Sunday. Miss Beulah and Geneva LeCompte were the guests of Miss Ethel LeCompte last Saturday and Sunday.

Miss Janie McQueen was the guest of Miss Hattie Lewis last Sunday.

Miss Mahel Lillis, of Clay Village, is visiting Miss Stella Semones.

Miss Mahel Lillis and Mr. Howard Moore, also Miss Stella Semones and Mr. Sellert Moore made a flying trip to Mt. Zion last Sunday evening.

The Box Party at Mt. Carmel was quite a success. It was largely attended by both ladies and gentlemen.

We are glad to hear that Miss Fannie Johnson, of Stoney Creek, is better.

Mrs. Cordie Green, of Grallensburg, and Mrs. Effie Lillis and daughters, of Clay Village, visited Mrs. Bettie Semones last week.

A little girl was out driving last week, and seeing a cow with a bell on, she asked her mother if the bell was worn to keep the cow from jumping. Quite a joke, isn't it.

The Mt. Carmel entertainment was quite a success. The money that was made will go for the benefit of the school building, the seats are already condemned.

KEEPS STATE HOUSE.

Something About Coleman Carr, the Janitor in Charge.

This is not a character sketch nor a funny anecdote, but a simple statement of fact made in the hope of helping some fellowman. Coleman Carr, Janitor of the State House, residence 41 Main St., says: "I received great benefit from the use of Doan's Kidney Pills. For a long time I was embarrassed during the day and annoyed at night by the too frequent action of the kidney secretions. The doctor pronounced my trouble diabetes, and although they treated me I was unable to get permanent relief. By a friend I was induced to try Doan's Kidney Pills and got a box at J. W. Gayle's drug store. On taking them only a short time I felt great improvement, and finally the whole trouble was removed. I also used Doan's Ointment for eczema which I had for a long time on one of my legs about the shin. The constant irritation of the moist eczema was wild. Despite the use of preparation after preparation nothing helped me until by good fortune I heard of Doan's Ointment and procured a box. This remedy gave me quick and positive relief, and proved satisfactory in every respect."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. On sale at all druggists.

THE FORESTRY EXHIBIT

From Kentucky Will Occupy a
Most Prominent Place

AT THE 1903 EXPOSITION

Assigned Space Near Center of Forestry Building and on Two of the Main Avenues—Struck Issues Instructions for Preparation of Samples of Logs, Boards, Etc., For the Exhibit.

On two of the main aisles and almost in the center of the Forestry and Fish and Game Building at the World's Fair in St. Louis next year will stand Kentucky's display of her wonderful forest resources and lumber products. This space has just been assigned to the Kentucky Exhibit Association by Mr. Tarleton H. Bean, the chief of the Department of Forestry of the Exposition. As is readily seen, the forestry display from this commonwealth will occupy an enviable position and it believes those interested to make the display one worthy the space given it. To this end Mr. A. N. Struck, Chairman of the Forestry Exhibit Committee of the Exhibit Association, and Mr. William B. Fildes Representative, are leaving their plans.

Chairman Struck has just issued a circular, giving instructions to the logging camps, planing mills and forestry industries of the State, as to how they can best assist him in making the display a success. Here are a few of the instructions: This log section has been decided on so the samples

that many more lumber firms and corporations and manufacturers will subscribe to the fund being raised to defray the expense of the forestry exhibit, along with the erection of the Kentucky Building and the exhibits to be made in other departments of the exposition. The contributions thus far received range from \$25 to \$100.

WILL STUDY THE WORLD'S FAIR.

Prominent West Virginia Educator Requests Teachers to be Posted on the Exposition.

Hon. Thomas C. Miller, state superintendent of the public schools of West Virginia, has made the World's Fair of 1904 a feature of every teachers' institute held in the state during the summer of 1903. Institutes are being held in every county and Mr. Miller has caused one afternoon in each week that the institute is in session to be devoted to a study of the World's Fair.

The following is the subject as outlined by Mr. Miller for study and discussion:

- "The Louisiana Purchase Exposition."
- "The West Virginia Building."
- "How shall West Virginia be represented educationally."

As soon as the West Virginia school teachers give the institute program of the day addressed letters to the Publicity Bureau of the Exposition and received literature which furnished the required information. The school teachers of the state are becoming fully informed upon the World's Fair and soon will be given on the Exposition in at certain hours during the season.

Some of the leading educational institutions of the country advertise, as a part of the course, a systematic study of the World's Fair.

THE BEST REMEDY FOR COUGH.

(From the Atchison, Kan., Daily Globe.)

This is the season when the woman who knows the best remedies for cough is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The cough remedies are almost as sure to be lost, in case of cough, as a revolver is sure to be lost in case of burglars. There used to be an old-fashioned remedy for a cough, known as hore-syrup and tolu, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It cures the patient to "throw up the phlegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the cough cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by all druggists.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove blemishes or pimples from the skin by the use of cosmetics or "beauty" remedies, as advertised by the "beauty" doctors. The only safe and sure way that a woman can improve her complexion is by purifying and cleansing the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and purifies the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25 cents; regular size, 50 cents. At all druggists, 1c.

A GOOD NAME.

From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease. W. T. Eaton, Boerne, Tex.: "Thousands of people are using these tiny little pills in preference to all others, because they are so pleasant and effective. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen." Sold by J. W. Gayle.

GRIFITH IN "MACBETH."

"Macbeth" appears to have been one of the latest, as it is one of the greatest, of Shakespeare's dramatic achievements. It is believed to have been written and first performed some time between the years 1603 and 1610. The traditions on which the play is founded, are related by Holingshead in his "Chronicle," first published in London, 1577; and also by George Buchanan, in his Latin "History of Scotland." Not only the historical outline, but the principal incidents of the drama, may be found in the works of these writers. The prophecy of Macbeth's destiny and that of Banquo's issue, the interview between Macbeth and Malcolm, and the influence of Macbeth's wife, whose "holingshead" as she is called, "burning with an unquenchable desire to bear the name of a queen," have all a legendary or semi-historical foundation in truth.

There is reason to believe that "Macbeth" was often represented with success at the Globe during the lifetime of the author; and that Burbage, who was the most distinguished tragedian of the day, was in the habit of personating the hero. The tragedy had been banished from the stage, however, some time, when in 1672 Sir William Davenant produced a version of it at the Duke's Theatre, "with alterations, amendments, additions and new songs."

To Garrick belongs the merit of restoring to the stage the original "Macbeth," and the present acting version is that which he prepared, and which was afterwards improved by Philip Kemble. The language, except in one or two of the choruses, is almost exclusively that of Shakespeare. There are more of the elements of the sublime, as it seems to us, in this character, than in any other known to the drama; and this, perhaps, is the reason why it is so rarely embodied to the satisfaction of a judicious audience.

John Griffith, who plays Macbeth in this city, is probably the best of all the representatives of the character. From the first scene, in which he is accosted by the witches, to the last desperate encounter with Macduff, he is said to be animated, consistent and impressive.

VERSATILE MISS OTIS.

Miss Elita Proctor Otis is the next in line of the women stars to go out under the management of George H. Brennan in his new production this season. This manager already has Miss Mary Shaw and Miss Althea Gabbler out in two productions, "Ghosts," and is contemplating a fourth. His production, "Hedda Gabler," has been selected for Miss Otis's stellar vehicle because of all the Otis dramas it lends itself to her extraordinary faculty of portraying the adventuress type.

Hedda is a married woman, a profligate at heart, but seared into virtue by fear of Mrs. Grundy. The reappearance of her former sweetheart awakens her noble emotions. In her breast—simply a tigerish desire to ruin him and the new love he has found. With a sure touch, a masterly hand, then carries forward Hedda's life-history to its tragic denouement—a climax as thrilling as it is unexpected. The best proof of "Hedda Gabler's" power is that it has served Duse, the great Italian, for one of her strongest creations. Ignorant as many Americans are of the play, it is nevertheless the standard of emotional drama, of fine and successful acting. In Berlin, Vienna, Copenhagen and Stockholm.

Manager George H. Brennan has mapped out for Miss Otis a tour beginning in Wilmington, Del., on November 23. The more important cities of Ohio, West Virginia, Indiana and Kentucky will be played, after which an extended run in Chicago, is planned. Miss Otis will be supported by a strong company, some of which have already been identified with other local productions. The scenery and properties will realize the Viking environment of the play.

It may be added regarding Miss Otis that she is one of the most versatile women in the United States. Society woman, journalist and dramatic star, she has won distinction in these different spheres. Her name is linked with "Oliver Twist" and "The Grapes of Wrath," a social drama of much vogue a few years back, in which she was equally good in another line. To the role of the worldly-wise Hedda Gabler she brings ability and accomplishment rarely met.

WORLD'S FAIR NEWS.

Miss Mary Peckinbaugh, of Berkeley, Cal., is exhibiting some of her handsome embroidery at the World's Fair.

An interesting exhibit of cotton is to be made from Kentucky at the St. Louis Exposition. It has been gathered by H. M. Koresy and Clerk S. D. Laten, of the Fulton county. Samples of this product will be shown from the earliest period to the stage after picking.

Exceptionally fine specimens of minerals are already reaching the storage warehouse of the Kentucky Exhibit Association in Louisville for the exhibit at St. Louis next year. Among the shipments received are two barrels of coke from Bell coal, from Chattanooga, Tenn. The coal was sent to the Ashland Iron & Mfg. Co. at Ashland, and there, after Judge T. T. Gardner and Editor Tom Peritt of Parkersburg have sent in a box containing various minerals from Carter county, which are being analyzed and assayed at the State College at Lexington.

Latest information as to Kentucky's Part in the Great Exposition.

In Kentucky's part in the exhibit at the St. Louis Exposition next year, there will probably be sent barrels of grapes grown from the seed which came from the city of Jerusalem and which was supposed to be of the same variety as those found in the aples of Moses. Mr. M. F. Johnson of Louisville received a seed from the grape mentioned. It being brought in by a friend from the Holy City, and planted it in Louisville soil. It grew and bore fruit. The grape is called the "Rochester Temple," and is a medium size, reddish color, thin skin and sweet.

FREE RECLINING CHAIR CARS.

"The Henderson Route"—Always First.

Louisville, Ky., Oct. 23, 1907. The traveling public will be pleased to learn of the latest innovation in the way of comfort in travel for its patrons, which is now being offered by that most popular railroad the "Henderson Route." This road has been rightly named the "Kentucky's Official Route to the West and Southwest."

It has just been announced from the general offices of the Louisville, Henderson & St. Louis Railway that they now have in service on their night trains between Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the shops and are a revelation to our builder's art.

The cars are strictly up-to-date, first-class "palaces of travel" on wheels, and this is only one of the many surprises which are provided for the public for the World's Fair travel by the Henderson Route.

Among other advantages offered in these highly finished cars, a few of the most important points only are mentioned:

They are solidly constructed and are furnished with sixty-four reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with crane trucks, which insure with ease and safety the safe and strain incident to travel in the ordinary railway coach, and insure a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and we can only suggest that in traveling you "Get the Henderson Route habit."

PUPKS MADE BIG MAP

California Students Show Interesting World's Fair Exhibit.

COUNTY DONE IN PAIRER MACRE

One California County Makes a World's Fair Fund of \$20,000 and Devotes \$5,000 to Showing Her Educational and Social Advantages.

Alameda county, California, will make an exhibit at the World's Fair that will be a credit to many a state. The supervisors of that county have appropriated about \$20,000 for the purpose, and of this amount \$2,000 will be used in installing a historical exhibit. E. O. Crawford, superintendent of schools in Alameda county, will have charge of the exhibit, and he will personally conduct the installation and will remain in charge during the exhibition.

Alameda county is an irregularly shaped tract, comprising about 1,200 square miles, being about a mile from Rhode Island, and a mile from the ocean. It is in the extreme western part of California, and San Francisco Bay forms most of its western boundary. The assessed valuation of the property of the county is \$10,000,000, and the school fund raised last year was \$2,000,000.

One of the striking features of the Alameda county's educational exhibit will be a rapid motion picture map of the county, 14x20 feet, made by the pupils of the public schools. The map will be carefully prepared by the county civil engineer, and at the close of the Fair will be returned to Oakland, the county seat, where it will be placed in the rooms of the county auditor and kept as the official map of the county.

The map will be inclined against the wall and every inch and valley will be developed. The highest part of the map will be about 14 inches above the sea level. Every railroad and public road in the county will be shown. Every schoolhouse, every public building, each township and city and village will be shown, and a perfect scale maintained. The school children will do the actual work of forming the map, but the coloring will be left to the county surveyor. The site of each schoolhouse will be marked by a small photograph of the actual building that occupies it. Larger photographs showing the buildings in detail, will be contained in books to which these who care to see may have access.

Another feature of interest will be the series of reproductions of Alameda county school rooms. Mr. Crawford obtained floor space in the Education Palace for this exhibit and will build a room 24x40 feet. At one time it will be fitted up to represent the Kindergarten room in a particular Alameda county school. The identical furniture will be installed, the maps and charts from the walls taken from their places and placed in the World's Fair school room. In fact it will be a perfect reproduction, so that one may see exactly what a certain room in Alameda county, California, is.

The furniture and decorations will be changed at intervals and during the Exposition a view of every school in the county will be shown. Specimens of the work from all the schools will also be shown.

In Alameda is situated the University of California, at Berkeley, the largest in the state, with 3,000 students. St. Mary's Catholic college, and Mills College for Young Ladies, are all important institutions, and it is expected that each will make individual exhibits.

Alameda county is proud of her school system. The buildings are all up-to-date, and many of the county schools were erected at a cost of \$125,000 to \$200,000 each.
